The new Iconic 250 Hooded Sweat takes classic style to new standards of sustainability thanks to CiCLO® biodegradable technology, which helps synthetic fibres naturally biodegrade, preventing them from lasting forever in the environment. The innovative CiCLO® fibre treatment allows synthetic materials to biodegrade in a similar way to natural fibres, reducing microplastic pollution while maintaining the garment's strength, comfort, and performance. Certified non-toxic to marine life and OEKO-TEX® ECO PASSPORT approved, CiCLO® brings the benefits of modern fabrics without the environmental impact. Lightweight, soft, and designed for everyday wear, the Iconic 250 Hooded Sweat features a 100% cotton face, brushed inner fleece, and single-jersey hood lining.
